# SCHOOL REPORT

DISTRICT OF  
LANGDON, N. H.

**Report of the Superintendent of Schools to the  
Langdon School Board**

I have the honor to submit herewith, my first report as superintendent of your schools. It, of course, covers but the five months I have been with you.

Langdon has a corps of teachers peculiarly well fitted for their positions. All three are trained teachers, one having a certificate of the highest elementary grade. They are working disinterestedly for the welfare of the children under their care. Satisfactory results must be secured under such conditions.

The school buildings are in satisfactory condition. A few improvements might be added to modernize the equipment somewhat. More and more the leaders of our civilization are looking to the Physical welfare of the children, knowing that upon them depends the progress of the future. The number of cases of illness among the pupils of Langdon schools would be lessened by installing a system of ventilation in the two schools. There are simple methods of ventilating which, although decidedly inexpensive, are to all intents and purposes as efficient as the more elaborate styles. The condition of the school grounds at the village has been improved by filling in with gravel.

Special attention has been given to the teaching of Reading, this year. We believe this to be the subject upon which all others depend for their effectiveness. Three standard tests have been given with the purpose of locating weakness in ability along this line. Now that these points have been to a certain extent ascertained, we are seeking to correct them by means of drill. Next year there should be a definite report, in figures, of the actual improvement made.

Tardiness still continues to be a problem, although this

year improvement has been made. We ask for the continued co-operation of the parents in this regard.

The superintendent has made 49 visits to the schools during his period of office.

The cordiality and friendship of the school board has been whole-hearted and very helpful. I wish to express my thanks for their very kindly guidance in the duties of the office.

Respectfully submitted,

ROY W GILLMORE,  
Superintendent of Schools.

#### REPORT OF THE SCHOOL BOARD

At the end of the school year our very efficient Superintendent of Schools, Mr. Lawton Chase resigned. Sorry to have him leave. The Supervisory District elected another able man, Mr. Roy W. Gillmore; he is the man for the place.

There have been three schools in session the past year. No. 1 was taught by Miss Minnie E. Smith, who has taught there several years. She taught twenty-five continuous weeks so there could be a vacation during the time of drifting roads.

There are two school at the Center, Grammar and Primary. The Grammar was taught by Miss Rachel E. Merrill, this was her first term in town, she had a nice school and the scholars made good progress.

The Primary was taught by Miss Ruth K. Nims, this was her first term in town, she had a nice school, the scholars making good progress.
